

## FOUNTAIN

Magna-Tek units  
installed on 6" feed  
line to water fountain

**First Canadian Place - Toronto, Ontario**

## BEFORE

Heavy mineral staining  
can not be brushed off  
or wiped clean

## AFTER 90 DAYS

- Mineral deposits have hydrated and can be removed with a brush
- TDS running higher (300-400 ppm) as minerals are dissolved in solution
- Filter and backwash system removing solids in suspension
